RMWA is now grown in to a big tree with an approximately 500 strong association of manufacturers, ancillaries, traders, academicians, institutes ,professionals etc engaged in various activities with rubber in the state of Gujarat.

Ahmedabad could be termed as the Rubber Roller Capital of the country, considering there are about 20 medium sized unites engaged in manufacturing rubber rollers, catering to the entire spectrum of requirement of industry right from printing to textile, to paper and pulp, to plastics, right up to steel.

The lining and tyre industries have established themselves well in Gujarat due to the huge pharmaceutical, chemical & automotive industries located in Gujarat.

RMWA as an apex body representing the above mentioned rubber & allied industrial units of Gujarat and, is constantly, striving further the interest of its members.

RMWA has two successful editions of India Rubber Show under its banner and has also started publication of its in house magazine The RMWA Journal.
